THE NEEDS OF LIBERIA.

LIBERIA NEEDS THE VERY THING THAT IS REJECTED IN THIS COUNTRY—THE EDUCATED, AMBITIOUS AND WIDE-AWAKE NEGRO. BRAIN NOT BRAINS IS WANTED OF THE NEGRO IN THIS COUNTRY.

We have thousands of youths graduated yearly from public schools and colleges well qualified to master the problem of operating a Government. 5,000 of them should be sent to Liberia every year or two by the race.

By Rucker Smith.

Intimacy with our race would eventually bring about social relations that are objectionable to them. This fear of race mixture, and finally, race domination, is the main cause of the growing prejudice and the intolerable mob rule for us. In geography, the inhabitants of this country are known as "white with a few Indians and a considerable population of Negroes, who have nothing to do with Governmental affairs, however."

These racial differences, I fear, cannot be changed; but we can change, without ill will or hatred towards them, by devoting our energy, our intelligence and finance towards the development of a country that by all natural right belong to the black race. You don't want to go to Africa, you say? Certainly not, you probably would be of more use here, you could help finance an expedition carrying men of knowledge and skill for from a nucleus out of which shall spring a great civilization that will not only make Liberia the equal of other great Nations but will reclaim, in time, the entire continent of Africa as the black man's own. This can be accomplished by the sober use of reason and good judgment—not hatred. As a matter of race pride we invite all race papers and periodicals to reprint. As a reader, kindly mention this article in your city race paper.

HARMONY LITERARY AND ART CLUB SETS THE PACE.

That the Harmony Literary and Art Club of Kansas City, Mo., sets the pace in all charitable movements is conceded by all. We would not attempt to mention all the charitable work done by this splendid club but just recently when the Memorial-Alleed Charities Campaign was being waged, the first club to recognize its duty was this body of aggressive women. Harmony gave \$5.00 as its contribution; also gave \$5.00 to the Roosevelt Memorial fund. Too much cannot be said of Harmony Literary and Art Club of which Mrs. Nelle E. Young is President.

BUSINESS OPPORTUNITIES.

If you want a safe, sane, established and paying business that can be easily handled by any intelligent man or woman with very little capital, see Bob Bosley, 1603 E. 12th Street.

NEGRO LEADERS DEFY G. O. P. AND UPHOLD SPENCER.

Declaring they were sick of blindly following the Republican bosses, the Negro ministers, professional and business men of St. Louis, and many others of the leaders of the race, last night in a meeting at the Tabernacle Baptist Church, 2726 Pine street, unanimously adopted an open letter to United States Senator Spencer, endorsing his vote on the prohibition measure, aiming it also, as was stated, as an ultimatum to the Republicans.

Dr. M. Owens, president of the Colored Preachers' Union of the city, presided at the meeting, and Dr. William A. Venerable, chaplain of the American Cabin, was secretary. These two, together with Dr. B. F. Abbott, pastor of the Union Memorial M. E. Church, constituted the committee which drafted the letter to the Senator.

The element constituting the "wet conscience" of the Republican party is not the Republican party, it was

asserted in the letter.

The letter is as follows: "Dear Senator: 'Seventy-nine preachers of the gospel, business and professional black men in St. Louis heartily commend your sagacious position and your clear and righteous purpose portrayed by your vote on the main prohibition enforcement measure."

"The element constituting the 'wet conscience' of the Republican party, we believe, is not the Republican party. If it is, then the sooner it is suppressed, the better for the black people and the nation."

"You have proved a better man than the 'unholy bosses' who threaten your political life. Stand to your guns, and, like the one man, the sainted Roosevelt, lick the bosses to a frazzle. We are with you, we will fight for you."

"We pledge ourselves to fight anybody that fights against you. Forty thousand black men voted for you. The bosses will not be able to turn them from you on the issue in question."—St. Louis Republic.
